

Device Insurance Policy Murray High School Hillcrest & Riverview Junior High Schools

Murray School District is providing an opportunity for families to insure the school-issued device that will be assigned to your child. This policy will protect the device against damages due to: vandalism with accompanied police report, fire, flood, natural disasters and power surge due to lightning strikes as well as accidental damages such as a cracked screen, liquid spills, etc. This insurance policy, when purchased, will provide replacement cost coverage and protect the device on and off school grounds. **The non-refundable cost of the insurance plan for the 2019-2020 school year will be \$25 per Chromebook.**

All incidents/damages/repairs will be reported to the school technology office to maintain the policy coverage.

Not Enrolled in Insurance Program

By not participating, I will accept financial responsibility for any damage to the device or components of the device.

See list and cost of all items.

If you have personal insurance that covers the device, you are still obligated within 30 days to pay all bills to Murray City School District. Please note that all repairs and/or parts must be completed through the Murray School District Technology Department. You will be liable for the cost of the device if you choose to use outside parts and/or repairs as you will have voided our agreement with our vendor.

Multiple insurance claims may result in future device restrictions. The insurance fee does not cover the power charger or case. Replacement fees will be assessed if damage, vandalism, loss, or failure to return charger or case at the end of the school year occurs.
